

BioLight to Present its IOptiMate™ System at the Ophthalmology Innovation Summit 2014 in Chicago

TEL AVIV (October 13, 2014) - BioLight Life Sciences Investments Ltd. (TASE: BOLT, OTCQX: BLGTY), a firm that invests in, manages and commercializes biomedical innovations in ophthalmology and cancer diagnostics, announced today that Ronen Castro, CEO of its subsidiary IOptima Ltd., will present at the OIS@AAO (Ophthalmology Innovation Summit @ the American Academy of Ophthalmology) on Thursday, October 16, 2014, at 10:55 a.m. at the Palmer House Hilton in Chicago, IL.

The IOptiMate™ system uses CO2 laser technology to perform a unique filtration surgery that treats glaucoma without penetrating the inner part of the eyeball. This innovation reduces post-operative complications and the use of eye drops compared with alternatives.
